This committee will meet periodically to discuss and evaluate the research project - proposed executed by faculty and research scholar of Vishnu Dental College - with the purpose of granting Ethical clearance wherever invasive procedures or biological sampling is involved in either animal or clinical subjects, forming part of the Research Proposal –

- i. To protect the dignity, rights and well being of the potential research participants.
- ii. To ensure that universal ethical values and international scientific standard are expressed in terms of local community values and customs.
- iii. To assist in the development and the education of a research community responsive to local health care requirements.

The members are requested to acknowledge the receipt of this letter and also to offer consent to serve on the committee, in the enclosed format.
