In pursuance to the aforesaid judgements, AFRC (Now APHERMC) has been following uniform fee structure and non-categorization of seats in Engineering, Polytechnic and other higher education institutions, except medical institutions.

We also like to bring to your notice that almost all the states in the country are following the rulings of the Apex Court by fixing the common fee for 85% of the Seats and fixing the higher fee for 15% of NRI Quota Seats. Hence, we request you to fix common fee for 85% of the seats and higher fee for 15% of NRI Quota Seats.

We further submit that the fee fixation shall be as per the audited expenditure of the Institution submitted to Income Tax Department. While calculating the fee, the APHERMC should also take into consideration of increment allowable expenditure i.e. increase from March 2018 to March 2019 and increment for allowable salaries @9.27%, Furtherance @15% and also inflation @15.76% as these were considered for last many years in the case of Engineering, Pharmacy and other PG courses. Treat the matter as most urgent as the last date for admissions issued by Medical Council of India is fast approaching. If an order fixing the common fee structure is not considered, the Association will be constrained to withdraw the letter of consent issued to the Government for seat sharing. Pending finalization of fee fixation, we request you not to admit students to the convener quota in our member institutions

Thanking you,

Yours Sincerely,

Secretary,
APPMDCA
